# Store the number in the database

The screenshot shows the phpMyAdmin interface for a database named 'test2'. The table 'storages' is selected, and the SQL query 'SELECT \* FROM `storages`' is displayed. The table contains 7 rows, with the last row (ID 7, number 99) highlighted in yellow. The interface includes a sidebar with a database tree, a top navigation bar with various tools, and a bottom status bar.

Server: 127.0.0.1 » Database: test2 » Table: storages

Showing rows 0 - 6 (7 total, Query took 0.0005 seconds.)

SELECT \* FROM `storages`
